

# Tool 11: Speed date: matching supply and demand

## Part 1 - Supply

What are your interests, hobbies and abilities?

.....

.....

.....

.....

Do you think that a business might be based on your interests, hobbies and abilities?

.....

.....

.....

.....

Can you think of any services in the town which could be delivered by a social business? Think of what is not been provided or what is being provided that is of poor quality or is too expensive, as an example.

.....

.....

.....

.....

## Part 2 - Demand

Think about your local community, town or area. What are problems or social issues that the community or area is facing? Are there circumstances that cry for change? What situations could be made better, simpler, happier or more sustainable?

.....

.....

.....

.....

.....

.....
